Deposit Checks

Mobile check deposit feature provides you with a quick and convenient method to deposit checks for processing using the mobile app. Using this feature, you can take front and back photos of checks, attach the check images, enter the amount of the check and select the accounts to credit.

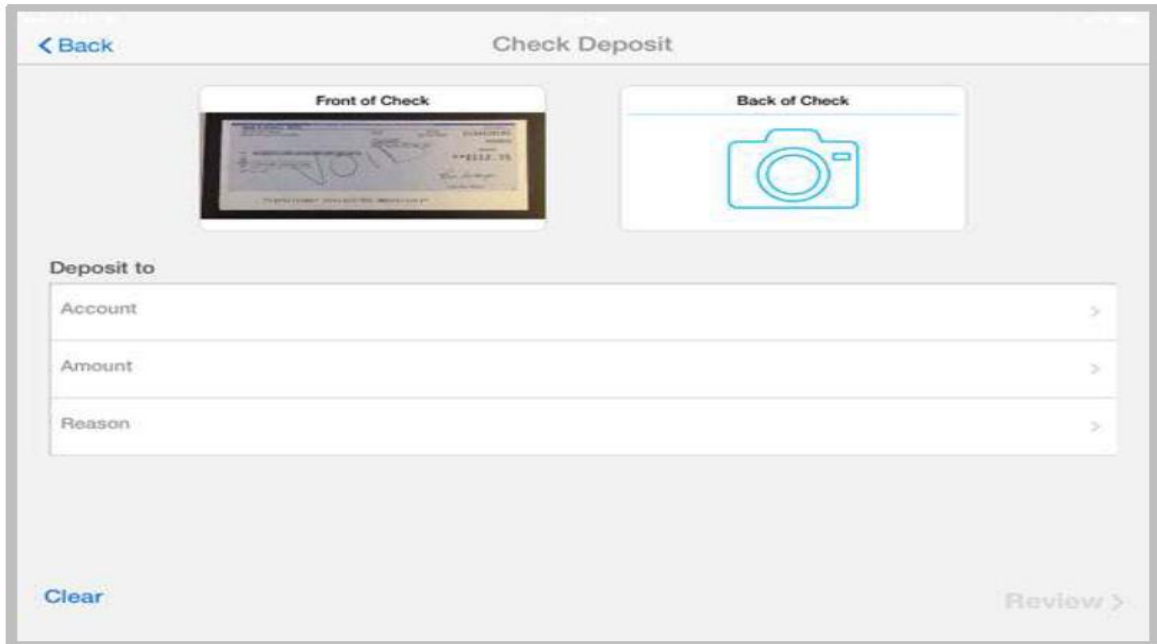

To deposit checks:

1. After logging into your brokerage account, tap the menu icon and then under the **Transact** tab, tap **Mobile Deposit**. A page displays where you can use the device camera to take a photo of the check.

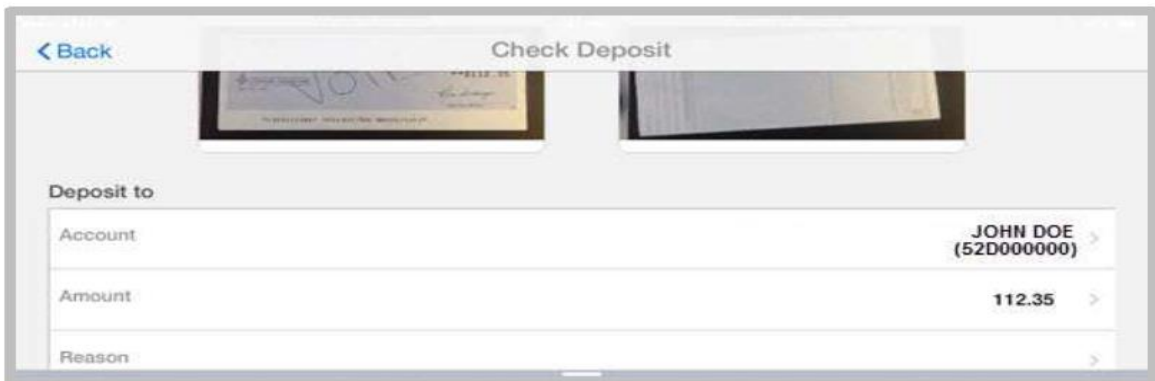

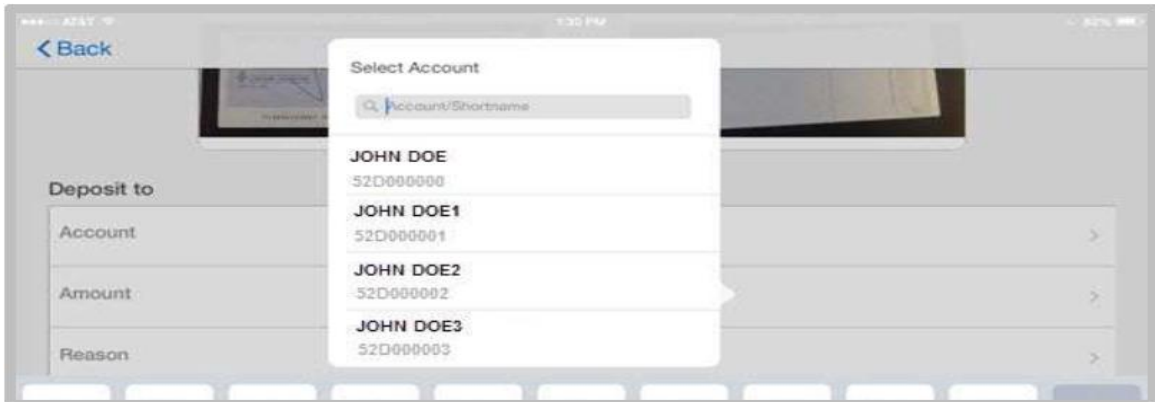

The screenshot shows the 'Check Deposit' interface in the mobile app. At the top left is a '< Back' button, and at the top right is the title 'Check Deposit'. Below the title are two camera icons, one labeled 'Front of Check' and one labeled 'Back of Check'. Underneath these are three input fields: 'Deposit to' (with 'Account' selected), 'Amount', and 'Reason'. At the bottom left is a 'Clear' button, and at the bottom right is a 'Review >' button.

2. Take a photo of the front and back of the check.

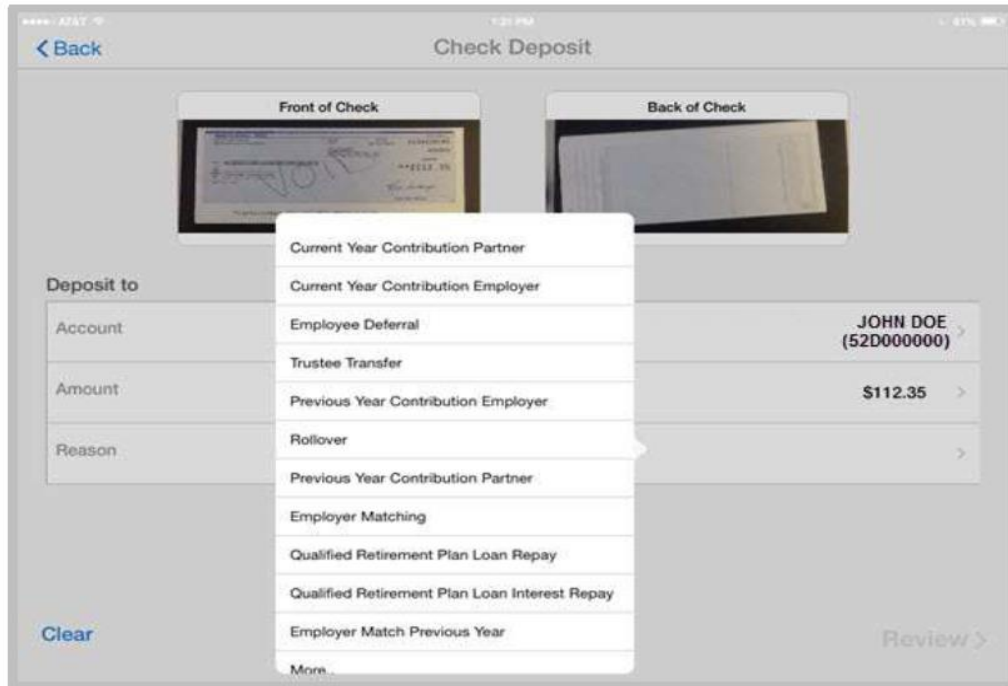

Note: The image below depicts a check with the word "VOID" written on the face. Do not take pictures with "VOID" written across the face of the check.

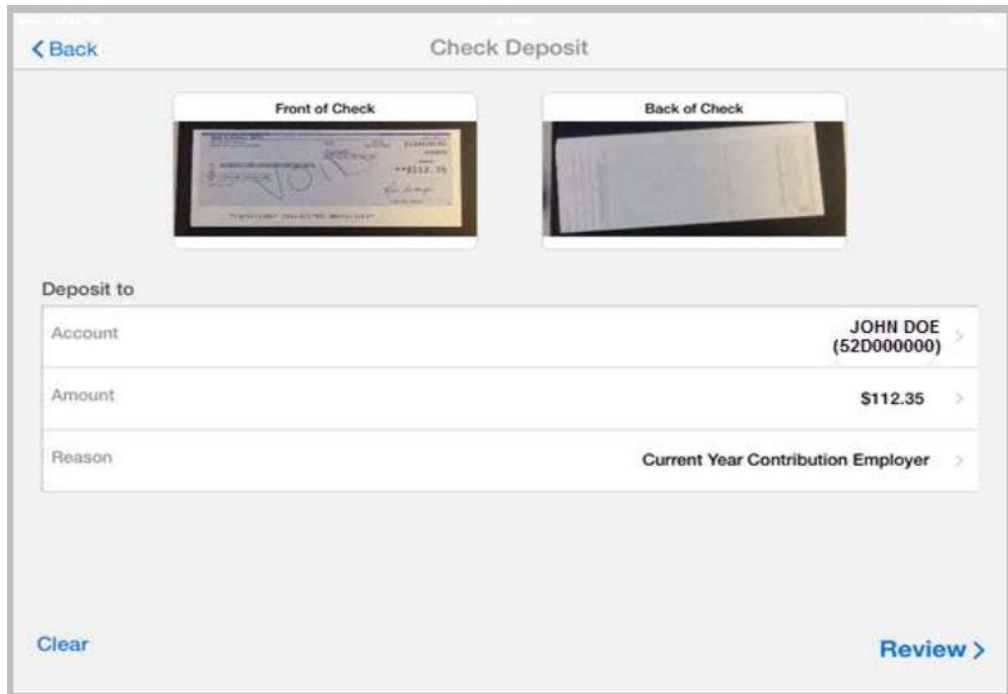

3. Follow the prompts to select the desired account and enter the check amount.

4. If prompted, select a deposit source code for each account.

5. Tap **REVIEW** to review the information.

6. Verify the deposit details and tap **Confirm**.
